

Trixle Signs 5 Easy Steps

- 1. Consultation**
- 2. Graphic Design**
 - a. In house design
 - b. Designed to your specification
 - c. Designs supplied by client
- 3. Manufacturing**
- 4. Installation**
- 5. Service & Maintenance**

- 1. Consultation**

We'll consult and advise you on the possibilities of your sign design/s factoring all the necessary requirements

- 2. Graphic Designs**

We have a dedicated graphic design team capable of turning your sign ideas into reality or you can provide your own artwork and we'll do the rest.

- i. In house design
- ii. Designed to your specification
- iii. Designs supplied by client

- 3. Manufacturing**

We'll manufacturer your signs to specification ready for installation.

- 4. Installation**

We'll install your signs and make sure every thing is perfect.

- 5. Services & Maintenance**

Dealing with our customer does not finish at the completion of our sign installation. We also have a Service & Maintenance program to look after your signs, making sure it continues to be effective over the duration of the signs life.
